REDUCE YOUR CARBON FOOTPRINT EVEN MORE WITH PRINTRELEASEAF

- PrintReleaseaf offsets the environmental impact of your paper consumption by planting a tree for every 8,333 pages printed
- Easily integrates with Clover's MPS remote monitoring software
- Monthly reporting enables you to document your sustainability achievements

SINCE 2015,

Clover And Our Customers Have Reforested Over

700,000 TREES!

COMPLETE THE CIRCLE

SEND YOUR CARTRIDGES BACK TO CLOVER FOR REUSE

When your printer cartridges are empty, simply send them back to Clover Imaging to give them another useful life. Our program is designed to ensure that every component of a printer cartridge is either reused or responsibly recycled.

4 SIMPLE STEPS TO COMPLETE THE CIRCLE

- Wait until you have 6 or more cartridges to return to save on fossil fuel consumption
- Go to Cloverimaging.com and select Cartridge Recycling on the right hand tool bar to print a postage-paid return label
- Give your package to a UPS driver or drop off at a UPS store
- Pat yourself on the back for doing your part to keep single-use plastics out of landfills
